Rest in Peace

We assure the families of Patrick Cunningham (stepfather of Brian Bruce), Vera McCune, Tom Dworzak, and Dan McCorbell (brother-in-law of Peggy Henderson) of our prayers and support at this difficult time. May their souls and the souls of all the faithful departed through the mercy of God rest in peace. Amen.
Occasionally, certain delivery companies will struggle with finding the correct place to drop off packages at St. Norbert and Our Lady of the Brook Parish. It’s a big campus, and the ones who don’t regularly make deliveries here don’t always know where to go. This last month I was expecting a package, and it took three tries—three days—before they were successful. I thought about this when I read the words of today’s gospel about “knowing the hour.” If I had known what time the delivery was coming, I would have gladly been on the lookout to try and help guide the driver to the correct place.

Maybe there have been times in your own life when you would have liked to “know the hour” of something more specifically. If you’ve ever been scheduled by your cable company or your plumber for an appointment “between 10 am and 3 pm” and had to spend your whole day waiting, you might know the feeling. If you’ve ever been at the airport and had your flight delayed for hours and hours, only to finally have it cancelled, you might know the feeling.

It’s hard to “be prepared” for “an hour you do not expect.” The waiting around distracts us from everything else, and makes us feel like we’re wasting time. But with faith, preparing ourselves is never a waste of time because it always draws us deeper into a relationship with Jesus Christ. Every time we go to Mass, every time we go to confession, every minute we spend in prayer—none of it is wasted. Even the time we spend waiting for God to answer our prayers, sometimes even years or decades, is not wasted.

I am reminded of what St. Augustine wrote as he reflected on all the years he spent away from God: “Late have I loved you, O Beauty ever ancient, ever new. Late have I loved you!” Having come to know the love of God, he felt deeply that all the time he had not spent with Him was the true waste.

And for us? How will we spend our time this Advent season?

**Calling All Adults**

Special Religious Development has spaces for adults 22+ in the new group forming at Our Lady of the Brook site. If you are a person with developmental delays or know a person with delays we are looking for you. Our group hopes to start in February of 2020.

In case you don't know Spred communities have four different age groups: 6-10; 11-16; 17-21 and 22+. Our Lady of Perpetual Help hosts the 6-10 group, St. Norbert's hosts the 11-16 group, St. Catherine Laboure hosts the 17-21 group and OLB currently has one group of 22+ and is starting a second group. The goal of Spred is to help persons with disabilities develop an awareness of God in their lives, an awareness of themselves as persons of dignity who are loved by God and an awareness of themselves as an integral part of the parish community as well as the entire Church. All children and adults with special needs are welcome.

**Sharing Ministry**

For all of us, December seems a time of major expenditures of time, energy, and resources. The Sharing Ministry is especially grateful for our parishioners’ consistent generosity, and so are our pantries. The clients of our pantries greatly appreciate being able to celebrate the holiday with items that, for them, are a luxury. They will be receiving turkeys from our annual Turkey Drive as well as turkeys and hams from a very generous anonymous donor, so please think of side dishes, canned vegetables and fruit, along with baking ingredients. For delivery to St. Margaret of Scotland, Christmas dinner items need to be in the baskets on the weekend of December 15.

If not us, who? If not now, when?

**Early Bulletin Deadlines**

Due to the holidays, submissions to the bulletin are due earlier than usual. See below:

Bulletin of Dec. 29: due to me by Dec. 13, 9 am

Mass Visit by Rev. Matt Foley, Director of El Niño Rey

Many parishioners have come to know Fr. Matt while volunteering for El Niño Rey’s mobile dental mission trips to Mexico. He will be celebrating a Blessing Mass at St. Norbert at 5:00 on Saturday, December 14 for volunteers leaving on January 4 to go to Jalapa in the state of Guerrero, Mexico.

Fr. Matt served for 6 years in the mid-90’s in an exchange program with Mexico and the Archdiocese of Chicago. His travel from St. James the Apostle (Parroquia de Santiago Apostal) in Quechultenango to the 70 remote villages located in the Sierra Madre Mountains of Guerrero, made him realize the overwhelming financial need for education among poor children in those areas. Seeking to rescue these children from indigence, he sent letters back home to family and friends for money to help this cause. This involvement fostered the cause and promise that “every child is king”. Thus El Niño Rey (The Child King) was born.

In 2000, while transitioning to parish life in the US, Fr. Matt spent months, initially at St. Norbert, formalizing El Niño Rey Scholarship Program which continues today with two annual appeals. A decision was made in 2001 to begin dental missions to Guerrero. El Niño Rey’s scholarship and dental work activities will be celebrated with a 25th anniversary gathering in the fall of 2020 at St. Norbert and Our Lady of the Brook parish.

In addition, in late October 2019, the Chicago Dental Society selected Fr. Matt (now Pastor at St. James Arlington Heights) to receive its George H. Cushing Award honoring individuals who raise public awareness about oral health issues. The Award reads in part, “For your dedication and commitment to the dental profession for your noble work with El Niño Rey in Quechultenango, Mexico”. He will be honored next February 2020 at the Chicago Dental Society Midwinter meeting in Chicago.

Our second grade scientists are working on a seed investigation experiment. First, the students observed types of seeds including, pea, bean pole, and pumpkin.

Next, they made predictions about what type of seeds they were planting. Currently, students are observing the growing plants and noting their observations. They are surprised with the results!

Our second graders went outside to explore chlorophyll in leaves. They learned that when autumn comes, trees use up the chlorophyll from the leaves and the green color starts to fade away. They loved finding the colors that were hidden inside the leaves.
All seniors are invited to join us for a delicious breakfast, a White Elephant gift exchange, and caroling by the Preschoolers. It’s sure to be great fun!

Watch Me Dance!

At two months the developing baby is now called a “fetus,” a Latin word meaning “little one.” She is making rapid progress developing all her external and internal organs, and by 8 weeks all her body systems are present. Brain waves can also now be recorded. During this second month of life baby teeth begin to form, and fingers and toes are developing. Her ears, nose, lips and tongue can now be clearly seen, and her skeleton changes from cartilage to bone. The central nervous system is functioning and her forty muscle sets are practicing their first exercises. Actually, like dancing!
